

# *Kent Hack Enough*

*hosted by hacKSU*

## Sponsorship Information

## *Goals*

Kent Hack Enough is a student-run hackathon held at Kent State University annually by hackSU. This hackathon, students will work for 48 hours, from October 18th to the 20th.

Our goal is to deliver a hackathon full of innovation, entrepreneurial energy, and fun. We aim to host over 150 students, and provide an opportunity to connect to leaders in the tech field. We hope to develop long-standing relationships with leading universities and companies.

## ***Sponsorship***

We look forward to giving students an amazing experience at a great venue full of cool gear, talks, prizes, and more - and that's where you come in!

This hackathon provides a great opportunity for your company to be highlighted, establish great connections with multiple universities at once, and tap into new, up and coming top tech talent. Hackathons allow you to scout out your company's next hire or intern as students display their skills competing to win your prizes. Below are three different sponsorship tiers, each tier also receives everything below it.

### ***Platinum***

The ultimate sponsor. A company representative can give a 10 minute keynote at the opening ceremony. The sponsor will have their logo on the hackathon page of the website. A company representative will sit on the judging board, if desired. The cost of this tier is \$3000.

### ***Gold***

Sponsor logo's will be on our t-shirts we give to all the participants as well as promotional material! Sponsors will be offered the opportunity to present a 30 minute talk relating to your company and/or technology during the hackathon. The cost of this tier is \$1500.

### ***Silver***

Sponsors can set up a table with information about their company for as much of the competition as they would like. The cost of this tier is \$1000.

### ***All Sponsors***

All sponsors will be thanked at the opening of the event. Every sponsor can offer prizes separate from their sponsorship money, send gear/swag to the event for distribution, and can also send anyone to mentor/meet the participants.

### ***Other Ways to Support***

- Send us cool stuff:

- Prizes - great way to encourage students to develop using your API, or service
  - Cool Giveaways
  - Company Gear/Swag
  - Other
- Sponsor a bus or car:
  - Students from top Computer Science schools across the country want to attend
  - We are organizing buses to transport teams from those schools
  - We will be subsidizing transportation costs for students driving as well
- Sponsor food and/or drinks
  - Food - We have a lot of people to feed
  - Drinks - Energy drinks are in high demand
